### **TO WHOM IT MAY CONCERN**

**M/S. Vihan Engineering, Ahmedabad have supplied an In-Line Automatic Belling Machine ( Model VSM 1102HSIX ) in April'2013 which has been installed with our 400 kg/hr PVC Pipe extrusion line at our Param Polymer works, Bagnan, West Bengal for forming both plain & SWR socket Joints.**

**We are of the opinion that this In-Line automatic belling machine is very suitable for improving the productivity & quality of PVC Pipe joints.**

**This is M/S. Vihan Engineering's second belling machine in Oriplast group, the first one has been used for more than past one decade.**

**We are happy with their after sales service support and hope to add more lines in the near future.**

**For, Oriplast Group, Kolkata  
For, Param Polymers Pvt. Ltd.**
