Dear Naresh,

With regard to the conversion from "off-line" to "in-line" to our 315 automatic belling machine installed at TRL in Fiji, I wish to congratulate you on a job well done!

It seemed nearly impossible to affect this major "change over" as several larger types of modifications to hardware and software where required for this to happen.

Your pre=planning was excellent and your on-site engineers did a fine job.

Thank you for doing for us so effective and we look forward to a prosperous continuation of our successful business relationship.

Kind regards,

Jan Ekkelenkamp  
+61 418 406 165

Consultant to TRL.
